

# 522iHD75 Hedge Trimmer

Product no: 970 46 61-02

Husqvarna 522iHD75 is a well-balanced, lightweight 36 Volt battery hedge trimmer for full-time professional use. This high-performance, cordless hedge trimmer is superb for more frequent trimming. It features a high-speed gear and a 75 cm double-sided cutter bar with sharp, trim cutting blades, grinded on three sides. Place the battery in the product for great cordless manoeuvrability or maximise runtime by using the special adapter accessory to connect to a backpack battery. Integrated connectivity for easy connection to digital services.

## Technical Specs Snapshot

Battery	36V Li-ion
Motor Type	Brushless
Knife Length	75 cm

Cutting Speed	4,400 cut/min
Weight (incl. Battery)	3.8 kg

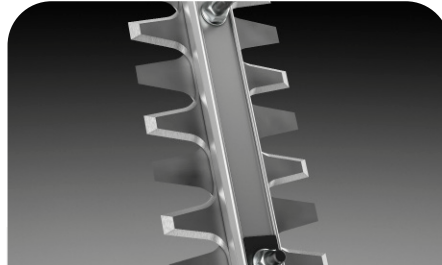

# 522iHD75 Hedge Trimmer

Product no: 970 46 61-02

## Flexible BLi Battery System

Our BLi battery system allows flexible use in different Husqvarna tools. You will always find a tailored battery solution that perfectly suits your task at hand.

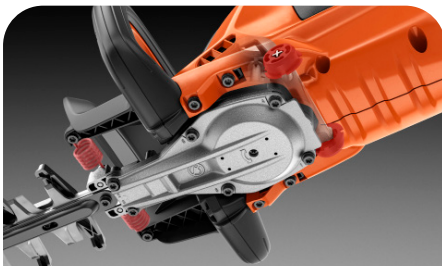

## Trim Cut Blades

The hardened steel blades, optimised teeth geometry and high knife speed increase productivity when trimming.

## Integrated Connectivity

Built-in connectivity module can easily be connected to Husqvarna Fleet Services™. Allowing you to see each machine's last known location, its usage stats and service history – and much more.

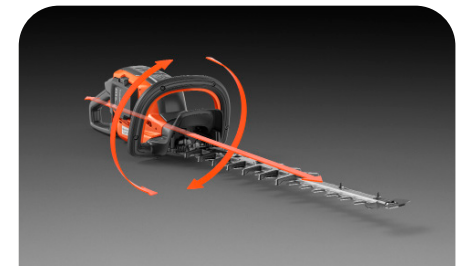

## LowVib™

Effective anti-vibration dampeners absorb vibration, sparing the user's arms and hands.

## Improved Handle Design

Front handle shape giving a seamless smooth transition from top to side position but still well defined grip areas. Rear handle with a slope angle for better control.

## Well Balanced

Due to the optimised centre of gravity, the hedge trimmer is well balanced which offers great manoeuvrability.
