

# SAFETY DATA SHEET

**Section 1: Identification** 

**Product identifier** Husqvarna X-Guard Bio Chain Oil

Other means of identification

596 45 73-05 (200L), 596 45 73-04 (20L), 596 45 73-03 (10L), 596 45 73-02 (5L), 596 45 73-01 **Product code** 

(1L), 537 65 76-02 (0.25L), 537 65 76-01 (0.05L)

Recommended use of the chemical and restrictions on use

Recommended use Lubrication of saw chains.

Uses other than the recommended use. Restrictions on use

Details of manufacturer or importer

Husqvarna New Zealand Ltd Supplier

**Address** 51 Aintree Avenue, Mangere, Auckland 2022

New Zealand Country Telephone +64 9 920 2410 Contact person Mike Roberts

E-mail mike.roberts@husqvarnagroup.com

**Emergency** Contact the Poisons Information Centre; phone 0800 764 766

### **Section 2: Hazard identification**

### Classification of the hazardous chemical

**Physical hazards** Not classified. Not classified. **Health hazards** Not classified. **Environmental hazards** 

### Label elements, including precautionary statements

Hazard symbol(s) None. Signal word None.

Hazard statement(s) The mixture does not meet the criteria for classification.

Precautionary statement(s)

Prevention Not assigned. Response Not assigned. Storage Not assigned. Not assigned. Disposal

Other hazards which do not

result in classification

None.

**Supplemental information** Safety data sheet available on request.

## Section 3: Composition/information on ingredients

Substance or mixture Mixture

Chemical property	CAS Number	Concentration (%)
Distillates (petroleum), hydrotreated light paraffinic	64742-55-8	=< 1
Distillates (petroleum), solvent-dewaxed light paraffinic	64742-56-9	=< 1

**Composition comments** All concentrations are in percent by weight.

### Section 4: First-aid measures

### Description of necessary first aid measures

Inhalation Move to fresh air. Call a physician if symptoms develop or persist.

Wash off with soap and water. Get medical attention if irritation develops and persists. Skin contact

Rinse with water. Get medical attention if irritation develops and persists. Eye contact

Rinse mouth. Get medical attention if symptoms occur. Ingestion

Personal protection for first-aid

Ensure that medical personnel are aware of the material(s) involved, and take precautions to

protect themselves. responders

Husqvarna X-Guard Bio Chain Oil SDS New Zealand 1/5

Direct contact with eyes may cause temporary irritation. Symptoms caused by exposure

Medical attention and special

treatment

Treat symptomatically.

## Section 5: Fire-fighting measures

Extinguishing media Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2). Extinguishing media to avoid Do not use water jet as an extinguisher, as this will spread the fire.

**HAZCHEM Code Number** 

Specific hazards during fire

fighting

During fire, gases hazardous to health may be formed.

Special fire fighting

procedures

Move containers from fire area if you can do so without risk.

Self-contained breathing apparatus and full protective clothing must be worn in case of fire. Protection of fire-fighters

Hazards from combustion

None.

None.

products

Use standard firefighting procedures and consider the hazards of other involved materials.

## Section 6: Accidental release measures

### Personal precautions, protective equipment and emergency procedures

For non-emergency

personnel

Specific methods

Wear appropriate personal protective equipment.

Keep unnecessary personnel away. For personal protection, see section 8 of the SDS. For emergency responders

**Environmental precautions** 

Avoid discharge into drains, water courses or onto the ground.

Methods and materials for containment and cleaning up The product is immiscible with water and will spread on the water surface.

Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product

recovery, flush area with water.

Small Spills: Absorb spillage with suitable absorbent material. Clean surface thoroughly to remove

residual contamination.

Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.

The product is insoluble in water.

## Section 7: Handling and storage

Observe good industrial hygiene practices. Precautions for safe handling

Conditions for safe storage, including any incompatibilities Store in tightly closed container. Store away from incompatible materials (see section 10 of the

SDS).

## Section 8: Exposure controls/personal protection

**Control parameters** Follow standard monitoring procedures.

Occupational exposure limits

New Zealand. OELs (Workplace Exposure Standards and Biological Exposure Indices)

Product	Туре	Value	Form
Oil mist, mineral	STEL	10 mg/m3	Mist.
	TWA	5 mg/m3	Mist.
US. ACGIH Threshold Limit	Values (TLV)		
Product	Туре	Value	Form
Oil mist, mineral	TWA	5 mg/m3	Inhalable fraction.

#### Australia. National Workplace OELs (Workplace Exposure Standards for Airborne Contaminants, Appendix A) **Product** Type Value

Oil mist, mineral **TWA** 5 mg/m3

**Biological limit values** 

Husqvarna X-Guard Bio Chain Oil

Appropriate engineering controls

No biological exposure limits noted for the ingredient(s).

Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been

SDS New Zealand

established, maintain airborne levels to an acceptable level.

Individual protection measures, for example personal protective equipment (PPE)

Wear safety glasses with side shields (or goggles). Eye/face protection

942193 Version #: 03 Revision date: 12-July-2024 Issue date: 07-November-2018 2/5 Skin protection

Hand protection Wear appropriate chemical resistant gloves.

Glove material: Nitrile rubber. Use gloves with breakthrough time of 480 minutes. Minimum glove

thickness ≥0.38 mm.

Glove material: Butyl rubber. Use gloves with breakthrough time of 480 minutes. Minimum glove

thickness ≥0.64 mm.

Wear suitable protective clothing. Other

If engineering controls do not maintain airborne concentrations below recommended exposure Respiratory protection

limits (where applicable) or to an acceptable level (in countries where exposure limits have not

been established), an approved respirator must be worn.

Thermal hazards Wear appropriate thermal protective clothing, when necessary.

Hygiene measures Always observe good personal hygiene measures, such as washing after handling the material

and before eating, drinking, and/or smoking. Routinely wash work clothing and protective

equipment to remove contaminants.

## Section 9: Physical and chemical properties

**Appearance** 

Liquid. Physical state **Form** Liquid.

Colour Not available. Odour Not available. Not available. **Odour threshold** 

Material is non soluble in water.

Melting point/freezing point Initial boiling point and boiling

range

Not determined. Not determined.

Not determined Flash point Not determined. **Evaporation rate** Flammability (solid, gas) Not applicable. Upper/lower flammability or explosive limits

Not determined. Explosive limit - lower (%) Explosive limit - upper

Not determined.

(%)

Not determined. Vapour pressure Vapour density Not determined. Relative density Not determined.

Solubility(ies)

Insoluble in water Solubility (water) Not determined. Partition coefficient

(n-octanol/water)

Not determined. **Auto-ignition temperature Decomposition temperature** Not determined. Kinematic viscosity Not determined.

Other physical and chemical parameters

**Density** 0.917 g/cm3 (20 °C (68 °F))

## Section 10: Stability and reactivity

The product is stable and non-reactive under normal conditions of use, storage and transport. Reactivity

**Chemical stability** Material is stable under normal conditions.

Possibility of hazardous

reactions

No dangerous reaction known under conditions of normal use.

Conditions to avoid Contact with incompatible materials.

Incompatible materials Strong oxidising agents.

Hazardous decomposition

products

No hazardous decomposition products are known.

# **Section 11: Toxicological information**

# Information on likely routes of exposure

Inhalation Prolonged inhalation may be harmful.

Husqvarna X-Guard Bio Chain Oil SDS New Zealand 3/5 **Skin contact** Prolonged skin contact may cause temporary irritation. **Eye contact** Direct contact with eyes may cause temporary irritation.

**Ingestion** Expected to be a low ingestion hazard.

Symptoms related to the physical, chemical and toxicological characteristics

Direct contact with eyes may cause temporary irritation.

### Information on toxicological effects

**Acute toxicity** 

Components Species Test Results

Distillates (petroleum), hydrotreated light paraffinic (CAS 64742-55-8)

<u>Acute</u>

**Dermal** 

LD50 Rabbit > 5000 mg/kg, 24 Hours

Inhalation

Aerosol

LC50 Rat > 5.53 mg/l, 4 Hours

Oral

LD50 Rat > 5000 mg/kg

Distillates (petroleum), solvent-dewaxed light paraffinic (CAS 64742-56-9)

**Acute** 

**Dermal** 

LD50 Rabbit > 5000 mg/kg, 24 Hours

Inhalation

Aerosol

LC50 Rat > 5 mg/l, 4 Hours

Oral

Respiratory irritation

LD50 Rat > 5000 mg/kg

Skin corrosion/irritation Prolonged skin contact may cause temporary irritation.

Serious eye damage/eye Direct contact with eyes may cause temporary irritation.

irritation

High mist concentrations may cause irritation of respiratory tract.

Respiratory or skin sensitisation

**Respiratory sensitisation** Not a respiratory sensitiser.

**Skin sensitisation** This product is not expected to cause skin sensitisation.

**Germ cell mutagenicity**No data available to indicate product or any components present at greater than 0.1% are

mutagenic or genotoxic.

**Carcinogenicity** Not classifiable as to carcinogenicity to humans.

IARC Monographs. Overall Evaluation of Carcinogenicity

Not listed.

Reproductive toxicity

This product is not expected to cause reproductive or developmental effects.

Specific target organ toxicity -

single exposure

Not classified.

Specific target organ toxicity -

Husqvarna X-Guard Bio Chain Oil

repeated exposure

Not classified.

**Aspiration hazard** Not an aspiration hazard.

Narcotic effects Due to lack of data the classification is not possible.

Further information No data available.

**Section 12: Ecological information** 

**Ecotoxicity** The product is not classified as environmentally hazardous. However, this does not exclude the

possibility that large or frequent spills can have a harmful or damaging effect on the environment.

Persistence and degradability No data is available on the degradability of this product.

Bioaccumulative potential No data available.

**Mobility in soil** The product is immiscible with water and will spread on the water surface.

Other adverse effects No data available.

SDS New Zealand

## **Section 13: Disposal considerations**

Disposal methods Collect and reclaim or dispose in sealed containers at licensed waste disposal site.

Dispose of in accordance with local regulations. Empty containers or liners may retain some Residual waste

product residues. This material and its container must be disposed of in a safe manner.

Since emptied containers may retain product residue, follow label warnings even after container is Contaminated packaging

emptied. Empty containers should be taken to an approved waste handling site for recycling or

disposal.

Special precautions to be

taken during disposal

Dispose in accordance with all applicable regulations.

Method of disposal that should

None known.

not be used

## **Section 14: Transport information**

### **IATA**

Not regulated as dangerous goods.

**IMDG** 

Not regulated as dangerous goods.

Transport in bulk according to

Not established.

Annex II of MARPOL 73/78 and

the IBC Code

## **Section 15: Regulatory information**

Applicable regulations HSNO: Non-hazardous according to the Hazardous Substances and New Organisms Act 1996

(HSNO 1996)

### **Section 16: Other information**

ECHA: European Chemical Agency. References

IARC Monographs. Overall Evaluation of Carcinogenicity
